

1.8. Study budget: _____ Source of Funding: _____

1.9. Is the researcher a student? Yes/No

1.10. If Yes, indicate the following:

1.10.1. Name and address of institution: _____

1.10.2. Faculty: _____

1.10.3. Level of study Undergraduate / Master's/ PhD _____

1.10.4. Name of Supervisor: _____

1.11. If No to question 1.10, then indicate the following:

1.11.1. Name and address of institution: _____

1.11.2. Academic Title of PI: _____

1.11.3. Existing Qualifications: _____

1.11.4. Co Investigators:

Names:	Qualifications	Institution

2. Information of subjects/participants:

2.1. Total number of human participants to be enrolled: _____

2.2. Source of recruitment (e.g. hospitals, schools, etc.): _____

2.3. Ages to be recruited (range): _____

2.4. Payment (if any) to be paid to each participant: _____

3. Statement by the principal investigator

I _____ certify that the information in this application document and the accompanying documents is true and complete in all respects. I confirm that the application has NOT been rejected by any other ethics review committee.

Signature _____ Date: _____

4. **Guidelines for the summary:** (not more than 4 pages, 1.5 line spacing, font size 12)

4.1. **Background:** Brief description of the background to the study including purpose and justification for the study.

4.2. **Aim(s) and objectives:** Outline the main aim(s) and objectives of the study.

- 4.3. **Methodology:** Describe the study design to be used, study population and sample size, source of participants, methods of data collection, plans for data analysis and dissemination. Indicate if the study involves vulnerable populations(e.g. minors, pregnant women, prisoners, refugees, mentally retarded etc.)and justify their use.
- 4.4. **Risks:** Describe any potential risks, discomforts or harms that may be experienced by the participants. These may be physical, psychological, social, legal, economic or other and state procedures to minimise these. Indicate ways in which issues of privacy, confidentiality and adverse events will be handled where appropriate.
- 4.5. **Benefits:** Describe the benefits of the study both to the participants and to the community.
