

SECRETARY GENERAL MANIFESTO
MILLISCENT MASUNDA

**“BRINGING HARMONY TO OUR
DIVERSITY”**

VISION

To create a cohesive and vibrant community by representing with integrity, fairness, humility, clear and honest communication. Listening to voices unheard and recognizing potential where others see despair.

WHO AM I

Greetings fellow Acacians. My name is Milliscent Masunda. I am a 1.2 Zimbabwean student and I am currently studying Health Services Management. I am running for the Secretary General position. I believe that the student voices are the anchors of our community at Africa University along with the assistance of a vibrant and spirited Student Representative Council. Therefore, with your guidance we can create, inspire and develop as one.

WHAT INSPIRED ME TO RUN FOR SECRETARY GENERAL AND WHY YOU SHOULD VOTE FOR ME

Let us thrive on moral imagination by having the humility to see the world as it is and the courage to imagine and take action on what our Africa University community could be. I have experienced the devastating effects that the lack of support can have on students. I feel passionately about knocking down the barriers that are too often stopping students from achieving their goals. I believe in leading through attributes such as kindness, rationality, resilience and grit: a hard edged hope. Leadership that rejects complacency, breaks through bureaucracy and challenges bad actions. Doing what is right and not what is easy. What we do now will inspire our future. So let us hold hands and make our community a greater home. I promise to work diligently and purposefully towards every issue raised along with the future members of the Student Representative Council. Allow me to tell your story and create a united student body that I will be dedicated to working in partnership with.

- **FUTURE AIMS AND ACHIEVEMENTS**

EMPOWER THE STUDENT VOICE

- The key to an effective leadership is listening to the students and working towards their issues.
- Creation of an anonymous and online feedback forms in order to allow enhancement of the voice of the students through giving feedback, ideas and concerns to the SRC
- Streamline the SRC Communication Plan in order to ensure continuity, relevance and increased outreach
- Create relationships between students and SRC through one on one interaction

INCREASED SUPPORT FOR INTERNATIONAL STUDENTS

- Paying attention to internationalisation and culture development and I inspire to increase and enhance international student experience
- Enhance services available for language development

- Increase social opportunities along with subject specific skills
- Initiate regular face to face support for areas of concern

ACADEMICS

- course mentors whereby students that are keen to share their knowledge can assist other students

Mental Health

- Initiating support groups in all campuses
- Monthly emails on motivation towards student wellness

ACCOMODATION

- Provision of quality accommodation for those that are off campus

Unity is strength. Knowledge is power and
Attitude is everything.
