MANIFESTO FOR PATIENCE MUZENDA

Hello my fellow Acacians my name is Patience Muzenda a 1.2 student studying International Relation. I am one of the colleagues who is campaigning for the Social Welfare Secretary post. I have watched and enjoyed the many successful events thrown by the Student Representative Committee and thought that it about time I stepped up and take a position I feel I would bring a great personality and creativity while having .an absolute ball doing so

My aims as a Social Welfare Secretary

- 01 Accomodation-** I will make sure that no student faces challenges to do with accommodation. I will advocate for a partnership between the Private Property sector and the University's academic institution for the provision of safe and affordable accommodation close and as well advocate for more hostels to be built
- 02 Food services-** I will make sure that the food prepared conserves nutritive value, flavor, appearance and good hygiene. I will advocate for more serving points to be put in order to reduce the issue of long ques and the food quantity to be increased
- 03 Academic stresses-** I will support networks to help reduce academic stresses by organizing many varieties shows like color runs, parties. I will also advocate for social trips (visiting Inyanga, Great Zimbabwe) as well as engaging in sporting and entertainment for social games
- 04 Clubs-** I will advocate for better services to the clubs that specialize on helping the less privileged. I will also advocate for creation of free safe zone clubs whereby if any student is going under serious depression, he/she is able to say out what bothers him/her ..and get counselling

MY PERSONAL QUALITIES

- Organizational skill
- Good communication skills
- Time management skill
- IT literacy
- Professional skills
- Honesty and discretion

I strongly believe that for one to be able to lead a big constitution as Africa University one should be able to have good quality morals that can make him/her to be able to lead everyone could it be on campus and even outside the campus

CONCLUSION

Well, I intend to receive students' problems and make recommendations and representatives the rightful university authorities for a quick and effective response. I will discuss on matters .that are affecting students and make recommendations to the rightful university authorities
As part of my own initiatives 'ladies and gentlemen the above listed is what I promise to bring on the table that is if you elect me as your Social Welfare Secretary. I hope you all will .consider voting for me. Thank you
