SECRETARY GENERAL

Efficiency and Productivity

VOTE FANETI VOTE FOR YOUR FUTURE! SECRETARY GENERAL 2021

The upcoming election meets us at a low point as a student body. Among many other challenges, the Covid-19 Pandemic has cost us over a year of traditional learning and university life. We, however, are a powerful and resilient collective who will soon stand tall once again.

I will be running for the office of Secretary General in the 2021 Election. I am the best fit for this post, not only because I have the necessary prior experience in being a public office bearer, but because I bring with me a new energy, a dynamism that will breathe life into our SRC and use that to work for the overall betterment of you, the students.

I am humbly asking for your vote to ensure that together we can move forward as a University Community.

Tavongaishe Faneti

fanetit@africau.edu

IF ELECTED, I AIM TO IMPLEMENT THE FOLLOWING:

1. Clear, Effective and Transparent communication between the SRC and the Students Union

You the students deserve to know what is happening within the SRC and you also deserve an effective platform which you can use to relay your needs to the SRC at any given time.

2. Alignment of SRC Administrative Systems to the Covid-19 era

The onset of the Covid-19 pandemic has forced many systems to evolve into a more digital space and the SRC systems will not be left behind.

3. A more robust interface of SRC members and their respective portfolios

A smoothly functioning administration is key for all other members of the SRC to be able to carry out their respective duties and fulfil their promises to you, the students.

4. Fulfilment of all constitutionally assigned responsibilities

It will be my duty to first and foremost adhere to the constitution and carry out the tasks clearly laid out in it.

5. Recognition of Class Representatives

The unsung heroes in Student Administrative Affairs are the Class Representatives and they deserve to be noticed and appropriately recognized for their hard work.

6. Effective Management & Expansion of Clubs and Communities

The clubs and communities at AU are an integral part of student life and thus should be handled with the seriousness they deserve, both for existing and developing ones

EFFICIENCY & PRODUCTIVITY
