

MUNYARADZI CHINORUMBA

FOR SPORTS AND ENTERTAINMENT
SECRETARY

MANIFESTO

WHO AM I?

“All work and No play makes Jack a dull boy.”

That is it. That is my manifesto...lol. I mean, what did you expect really? I am an aspiring Sports and Entertainment Secretary, here to bring good vibes to all university students.

Just a short bio: [I am Munyaradzi Chinorumba.](#) An ambitious, Medical laboratory science student who is very open minded and enthusiastic.

WHY I AM THE IDEAL CANDIDATE FOR THIS POST

I seek to improve everyone's social life at AU by providing you with an around the clock entertainment. I aim to be a different kind of leader, one that is open to ideas that you as the student body want promoted at AU. I aim to deliver as promised and not merely bring you false hope. I believe that just as every student is different, our definition of entertainment would also be different therefore I plan on having a broad range of activities as a means of catering to every student within the student body. Apart from using your suggestions to make AU a better place in terms of sport and entertainment, I will incorporate my ideas as well because together we can rectify and improve on certain areas that students have been missing out on. Below are some of the things I aim on implementing when you as the student body vote for me:

DRAMA, MUSICALS AND MOVIE NIGHTS

- I believe that AU is the nest of talented individuals, some of which are extremely confident and passionate about acting and singing. So what better way to showcase their talent than at our very own talent shows, before an audience where there will be prizes up for grabs. I am also going to host movie nights regularly as well as supply popcorn to Acacians once in a while in order to create the ultimate movie house experience. Movie suggestions will be posted before the viewing weekend so that played the students may vote for the movie that they would like to view. Your voice as the student body matters **THE MOST**. The drama and musicals will promote cultural diversity. We will get to enjoy the different music and dramatic acts that each country representative has to offer at our prestigious culture night.

REFRESHING WEEKEND GETAWAY DAY TRIPS

- Being on campus with a lot of lectures, assignments etc. can be exhausting. I am going to take this opportunity of the dwindling corona effect to introduce once in a while weekend getaway trips to different interesting areas (within Mutare, Nyanga and Vumba) that you as the student body would have decided on. This way many can get to go to places they have never been before and create long-lasting memories and as well as interact with individuals that they were never close to. These trips will be inclusive to all . We are Acacians, we are a family and I believe everyone should enjoy the benefits of everything the school has to offer.

POOL PARTIES

- I know many have been longing for this type of event. The limiting factor is the lack of life guards at AU, I'll fight for more than 2 life guards to be employed in order to allow this event to be permitted. My team and I are also going to work for our life guard certificates in order to accelerate the promotion of this event. What better way for such an event to be run and supervised than by a fellow student.

ONE TIME MEGA EVENT

Imagine an event within the premises with a local Artist e.g. Nutty O that the student body desires. Imagine the hype and vibes without fear of your belongings being stolen or anyone facing any form of harassment from unknown individuals. This is a plan within the pipeline, a plan I shall successfully execute.

SPORTS COACHES

- Our AU sports teams that participated performed exceptionally well but I believe we could have done better with some professional coaching. There is so much talent within our teams that just needs coaching to get the most out of these teams resulting in us bringing more trophies home and putting our school on the market. The university needs sports coaches which is why I'm going to do everything within my power to ensure that this vision becomes a reality.

SPORTS EQUIPMENT

- The sports teams lacks uniformity as we do not have full sports kit nor do we have school tracksuit. I believe some or most of the teams had to pay for their team kits for the ZUSA Games which is not standard for an internationally recognised university. I plan to influence the university to realise this lacking point and persuade them to provide sporting equipment for the teams because a uniform brings a sense of belonging in a team and it also displays professionalism.

**VOTE FOR A MAN
WITH A VISION, A
MAN WHO IS GOING
MAKE A CHANGE**

**A MAN WHO WILL LISTEN
TO WHAT YOU AS THE
STUDENT BODY WANT.**
